QUESTIONS?

Saudi's Privatization History

NCP was launched in July 2017, but KSA has a long history of privatization

The Kingdom's aspiration is to privatize **7x** compared to its historic activities

Privatization Program at the heart of Vision 2030

Aims to boost private sector contribution to GDP

“ To increase the private sector’s contribution from 40 to 65% of GDP

“ ... we will remove all obstacles preventing the private sector from playing a larger role in development

“ We will also grow our economy and improve the quality of our services, by privatizing some government services...

The Privatization Program links directly to 2 vision objectives...

- Unlock state-owned assets for the Private sector
- Privatize selected government services

... IN ADDITION to an indirect link to 20 other objectives

What is NCP?

NCP was created to **Enable** and support the **Governance** of the **Privatization Program** established under **Saudi Vision 2030**. We provide world-class expertise in the areas of legal, financial advisory, strategy, risk, marketing and project management.

Our Vision:

To be a world class center of excellence for KSA's Privatization Program; building a foundation to grow economic diversity and prosperity for the Saudi people and investors.

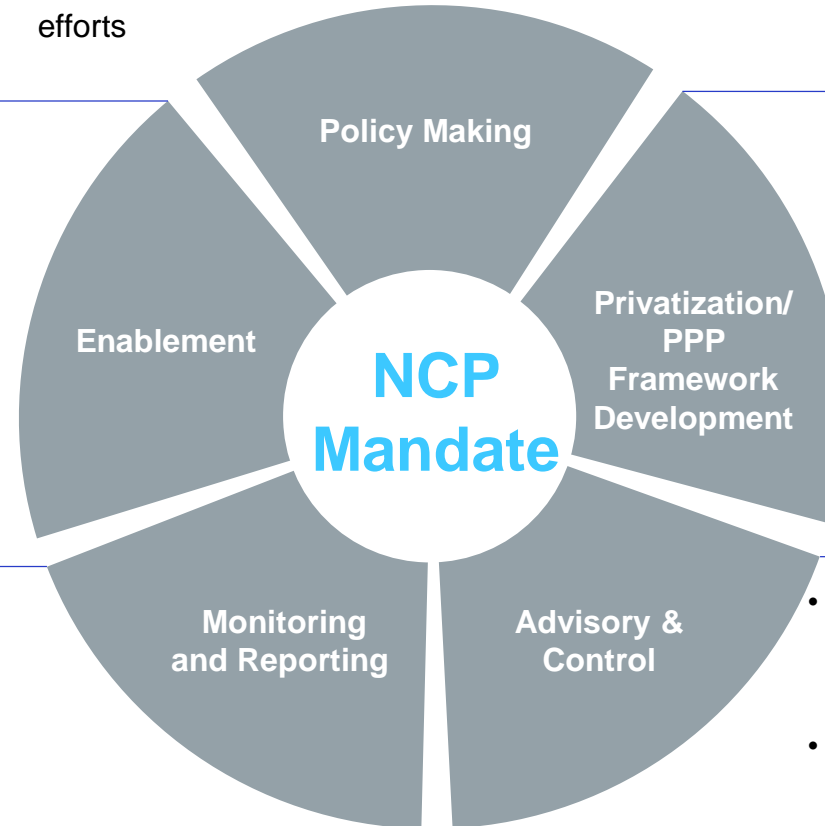

Why was NCP Established

NCP's Mandate

Focus on five key areas to steer KSA privatization/PPP efforts

- Develop national regulatory framework for Privatization/PPP
- Develop rules and procedures to guide PSCs and ETs efforts

- Provide funding for PSCs and execution teams
- Provide optional training to entities
- Set agreements with international PPP/privatization entities

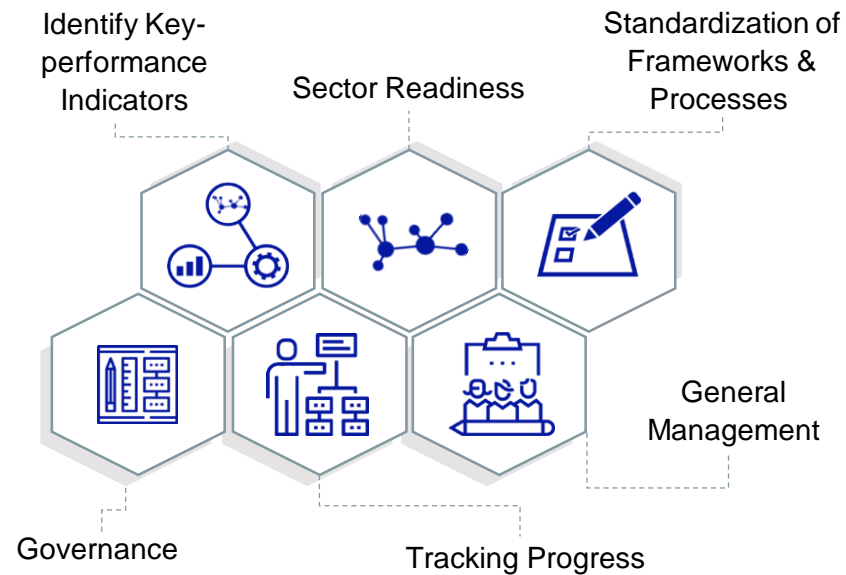

- Develop national privatization/PPP KPIs in line with Vision 2030
- Develop privatization/PPP directives, standards and guidelines

- Follow up on execution progress and escalate to CEDA where necessary

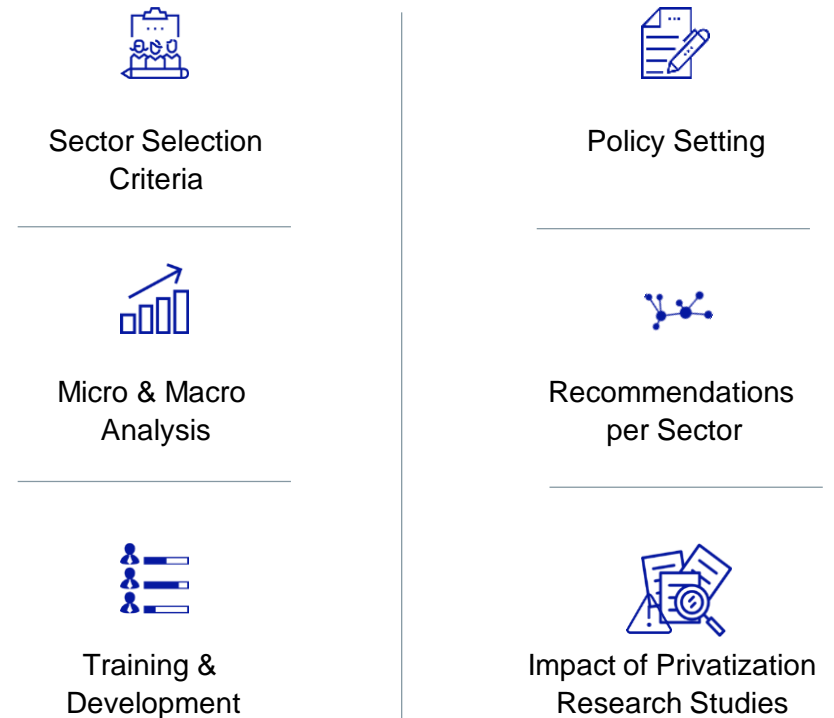

- Review sector privatization/PPP strategies and models and ensure their alignment with NCP directives, standards & guidelines
- Review sector regulatory changes and ensure their enablement of the sector's privatization/PPP strategy
